

## **MOCK TRIAL**

**Mock Trial is an activity that allows students to learn about a real court case. The students take on the roles of judge, bailiff, defense and prosecution attorneys, witnesses, and defendant. The students learn how to examine evidence, prepare to question witnesses, give testimony and how to present the case in accordance with the rules of mock trial. The mock trial allows students to play the important roles and recreate the drama of the court room.**

**Mock trial runs from early November to mid December. The students meet every day after school and the cost of the activity is \$40.**

**The advisor is Mary Mohr-Scinocca**
